PRESIDENT: That completes Final Reading.

CLERK: Mr. President, Miscellaneous Subjects Committee gives notice of hearings set for February. Signed, Senator Anderson, Chairman. That's all, Mr. President.

PRESIDENT: Senator Wiltse, we'll take up your bill that was returned.

CLERK: Mr. President, LB 348 is on Select File for a specific amendment placed there by a motion of Senator Wiltse. (Read amendment offered by Senator Wiltse found on page 513 of the Journal).

SENATOR WILTSE: Mr. Chairman, I move that it be advanced.

PRESIDENT: Your adoption of the amendment. Any further discussion on Senator Wiltse's amendment? Senator Frank Lewis.

SENATOR F. LEWIS: Again, Mr. Chairman, I want to get this issue straight. I apologize if it's my lack of knowledge. Is the purpose of this amendment to rectify the situation that oversized tires of reasonable size may still be put on vehicles? Are we adjusting the shock part of the problem? Will the three inch amendment you're putting on there, Senator Wiltse, resolve and solve that problem?

SENATOR WILTSE: Neither of the problems you've raised are covered in the amendment at all or in the bill. There's no reason for a question on your part, as I see it.

SENATOR F. LEWIS: Well let me reiterate my concern. Again I trust your judgement on it, if you'd tell me. Tire dealers in my district have written me and said that this is going to prohibit them from selling oversized tires.
